

THE KINROSS ORE HAUL

WHERE DO YOU STAND?

The Candidates' Report Card AS OF: SEPTEMBER 6, 2023

FACTS

Beginning in 2024, Kinross-Alaska & Contango ORE are proposing to ship 3.0 – 4.8 million pounds of raw gold-bearing ore each day from the Manh Choh mines near Tetlin, AK to Ft. Knox near Fairbanks. This product will be transported in a double trailer 95' long B-train configuration each weighing 164,900# and passing any one point on the 498-mile round trip haul route every 7 ½ to 12 minutes. (60 min / 8 doubles) (60 min / 5 doubles)

Given what you know today from information released by the developer, do you Support or Oppose the proposed ore haul?
